

LOYVA: SECURE. COMPLIANT. BUILT FOR DEALERSHIPS.

Secure. Compliant. Built for Dealerships.

In the fast-paced world of automotive sales, outdated paper contracts slow down deals, create compliance risks, and limit secondary market opportunities. Loyva's eVaulting solution eliminates these roadblocks with a **secure, fully digital, and legally compliant platform** designed for dealerships.

With **Loyva**, you can digitize contracts, secure authoritative copies, and accelerate financing approvals—all while ensuring compliance with **UCC 9-105, ESIGN, and UETA**. Plus, by maintaining verifiable digital contracts, dealerships can seamlessly sell loans in the secondary market, increasing liquidity and maximizing revenue.

Say goodbye to lost paperwork and slow approvals—drive your dealership into the future of frictionless, paperless transactions.

Why Dealerships Choose Loyva

How Dealerships are Winning with Loyva

The shift to digital contract management is revolutionizing the automotive industry. Studies show that implementing **eVaulting solutions** provides measurable benefits for dealerships:

◆ **Increased Efficiency** - Digital document management reduces processing times, allowing dealerships to finalize transactions **30% faster** than traditional paper-based workflows.

◆ **Fewer Errors & Lost Documents** - Secure digital storage eliminates the risk of misplaced contracts, cutting administrative costs and retrieval time significantly.

◆ **Enhanced Compliance & Audit-Readiness** - eVaulting ensures that authoritative copies of contracts remain legally enforceable and tamper-proof, reducing the risk of compliance violations and improving regulatory audits.

◆ **Cost Savings** - Dealerships transitioning to digital solutions report a reduction in **document handling and storage costs** by eliminating physical paperwork, printing, and shipping expenses.

◆ **Faster Loan & Lease Approvals** - By enabling seamless lender collaboration, dealerships experience quicker financing approvals, leading to higher customer satisfaction and increased sales conversions.

Loyva eVaulting is designed to deliver these benefits to dealerships of all sizes, ensuring a faster, more secure, and more compliant digital transaction process.
